<b>Company / Firm</b>	
<b>Type of Engineer</b>	

Computer Information	
<b>Hard Drive Serial Number</b>	

In order to process your request we need the hard drive serial number of the specific hard drive of the computer you will be installing the software on.

**Important:** The serial number MUST be of the drive where the software is to be installed. If there is more than one hard drive on the computer, please know ahead of time which drive it will be installed on.

**How to Get Your Hard Drive Serial Number:**

- 1) Open a DOS command prompt window. Start -> Programs -> Accessories -> Command Prompt
- 2) Select the letter of the drive where Helicap™ is to be installed (e.g. c:)
- 3) Type **vol** and hit enter
- 4) You should now see the name of the hard drive and its serial number
- 5) Record the serial number (e.g. 5F68-AB45) in the box above.

\*the hard drive serial number information is needed so that your license key for Helicap™ can be issued.

\*\*Please print all zeros as 0 to differentiate in alphanumeric code.

**After completing this form please fax back to Foundation Technologies, attention of Kimberly Lee to 1-678-407-4645 or email at Kimberly@foundationtechnologies.com. Thank you.**
